

## Training Programme for Vocational Teachers for the Job Roles under Food Processing Sector: 9 to 13 September 2024

---

A training programme for vocational teachers specializing in job roles within the Food Processing sector was held from September 9 to 13, 2024, at PSSCIVE, Bhopal. The programme aimed to provide

both theoretical knowledge and substantial practical exposure, equipping educators with the skills needed to effectively impart up-to-date industry knowledge in this dynamic field. The training attracted 20 participants from various states, including Punjab, Delhi, Rajasthan, Andhra Pradesh, Gujarat, and Kerala, fostering a vibrant learning environment that encouraged cross-learning. Through group discussions and hands-on practical exercises, participants actively engaged in the sessions. The programme equipped vocational teachers with specialized knowledge and teaching methodologies tailored for the Food Processing sector, resulting in enhanced instructional skills, updated industry insights, and the ability to create effective practical learning environments. This empowered educators to better prepare students for successful careers in food processing job roles.
