

Training Programme for Secondary Stage Teachers (Grades 11 and 12) in the Security Sector: 14 October to 18 October 2024

A training programme for secondary stage teachers (Grades 11 & 12) in the Security Sector was held from 14th to 18th October 2024 at PSSCIVE, Bhopal. The programme aimed to equip vocational teachers with essential skills in Security, CCTV Surveillance, Cyber-Security, Disaster Management, Fire Safety, and First Aid. Emphasizing the importance of continuous learning, the programme addressed the need for teachers to align with industry standards, integrate technology, and ensure safety compliance.

The training also focused on enhancing employability and preparing teachers to deliver high-quality, industry-relevant education to students, thus improving vocational education in schools. The programme included hands-on experience, group activities, and industry visits.

A total of 17 vocational trainers participated, with 9 from Haryana and 8 from Himachal Pradesh. The programme consisted of various sessions on relevant topics, delivered by faculty members and supporting staff of PSSCIVE, Bhopal, as well as three external experts from the relevant fields. One of the sessions was led by a cybersecurity expert.
